#### Prueba Técnica

### **BASE DE DATOS**

1. Tablas tareas y usuarios

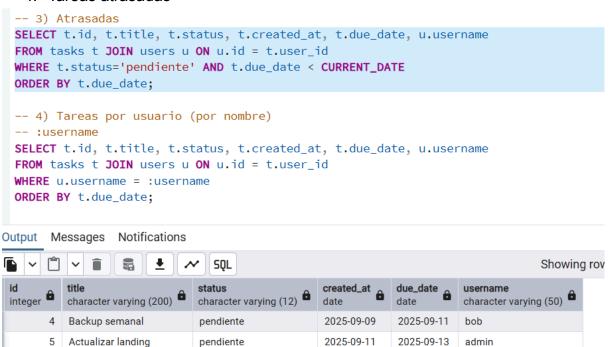

## 2. Tareas ordenadas por vencimiento

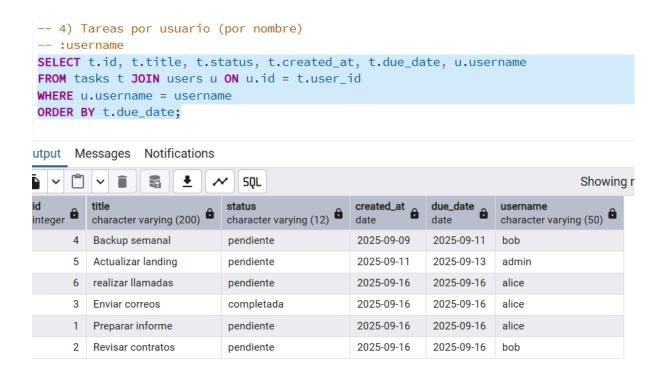

#### 3. Tareas pendientes vs completadas

```
7
      -- 2) Contar pendientes vs. completadas
      SELECT status, COUNT(*) FROM tasks GROUP BY status;
 8
 9
      -- 3) Atrasadas
10
      SELECT t.id, t.title, t.status, t.created_at, t.due_date, u.usernam
11
      FROM tasks t JOIN users u ON u.id = t.user_id
12
      WHERE t.status='pendiente' AND t.due_date < CURRENT_DATE</pre>
13
      ORDER BY t.due_date;
